ALINITY LINE

Company profile

MISSION STATEMENT

«To have a perfect control of Development, Manufacturing process & Selling of In Vitro Diagnostic liquid reagents with a strong focus on our Customer vision»

Your R&D Partner

DiAgam manufactures **reagents for immunoturbidimetry**.

Our company specializes in high technology R&D, based on immunology technologies. DiAgam is the creator of liquid laboratory reagents containing **gold particles**.

We are currently taking part in a project to develop **new nanotechnologies** based on the use of **colloidal particles** in the field of medical diagnosis. This activity has also succeeded in completing our products range with Cystatin C, Ferritin & Rheumatoid factor.

Manufacturer of ready-to-use reagents

All our products are developed and manufactured within the company.

Our reagents, controls and calibrators are liquid, stable and ready to use on **all opened biochemistry ana-lyzers even with barcodes** (Abbott - Alinity – Architect , Beckman Coulter – AU series, IDS-iSYS Multi-Discipline Automated System, Menarini – Zenit RA, Mindray BS series, Ortho - VITROS® 5,1 FS Chemistry, VITROS® 4600 Chemistry, VITROS® 5600 Integrated Systems, Roche - Modular®- COBAS C, Siemens - Advia® 1800 - Advia® 2400 - Atellica®, Thermo-Konelab®, etc...)

DiAgam is a member of the National Association of **European Diagnostic Manufacturers Association (EDMA)**. All reagents are labelled and DiAgam is certified **ISO 9001:2015** and **ISO 13485:2016**.

All calibrators and controls are traceable to the **International Standards** (WHO, IFCC, NIBSC, etc.)

Worldwide reliability

DiAgam is present all around the world. We sell directly in Belgium, France, Spain & Portugal. We also export to French Speaking African countries, Argentina, Brazil, Czech Republic, Greece, Hungary, India, Mexico, Morocco, Poland, Sri Lanka, Ukraine, Vietnam, etc.

Thanks to our **manufac-turing flexibility**, we can propose all our parameters in three different packagings: **Kits** especially dedicated to particular analyzers, **Vials** filled and **Bulk**, available under **DiAgam** label or in **OEM**.

We respect our philosophy by offering our cus-tomer, a **high quality of our products** with a most **competitive price** along with a continuous quest to **satisfy their needs**.

Your expert in specific proteins

-
- (*) Tests :** Amount of theoretical tests. May vary from a analyzer to another one.
- (**) Shelf Life :** DiAgam provides to distributors a minimum of *12 months* .(except for Alpha1-Microglobulin). The time period written in this document shows the maximum shelf life time after manufacturing.
- (***) Sample :** DiAgam may provide some applications for other samples, such as LCR, Urin, Veterinary samples etc.... Please contact your distributor or us directly at mail@diagam.com or dial **+32 68 55 14 82**.
- (****) Analytical range :** For general information purposes only. More details can be found in the package insert (instructions for use). Please contact your distributor or us directly at mail@diagam.com or dial **+32 68 55 14 82** in order to get the updated data.

Medical device for in vitro diagnosis.

DIAGAM SA, *Rue du Parc Industriel 40, 7822 Ghislenghien, BELGIUM*

The products fulfill the requirements of European directive 98/79 EC concerning the medical devices of in vitro diagnosis.
